## Strategic approaches to the development of digital literacies

[literaci.es](http://literaci.es)  
[weareopen.coop](http://weareopen.coop)

# Strategic approaches to the development of digital literacies

This workshop will cover the eight essential elements of digital literacies, exploring ways in which AMICAL institutions can benefit from a strategic approach to the area. The sessions will be of particular use to those who wish to think critically about the role of universities in 21st century society. Participants will leave the workshop empowered with the knowledge and skills to begin implementing digital literacies in a relevant context at their home institution.

*Intended for: librarians, faculty and technologists who are interested, or already involved, in the integration of digital literacies at the course or strategic level at their institution.*

# Doug Belshaw

*Co-founder*

[We Are Open Co-op](#)

Doug is an 'Open Educational Thinker' who specialises in new literacies, digital credentialing, and helping both people and organisations become more productive in their use of technology. He's based in the North East of England and works globally.

As a former teacher, school senior leader, and university researcher, Doug has experience in most sectors of education. He's also worked for the non-profit [Mozilla Foundation](#) as Web Literacy Lead, and [Moodle](#) where he designed and oversaw the development of [MoodleNet](#), a federated, resource-centric, social network for educators.

**Personal pronouns:** He/his

**Any burning questions?**

# Structure of the day

09:15 - Session 1: Preparing the  
ground *(Multi-structural)*

11:15 - **BREAK**

11:30 - Session 2: Laying the  
foundations *(Relational)*

12:30 - **LUNCH**

13:30 - Session 3: Building the  
structure *(Extended abstract)*

15:00 - **BREAK**

15:15 - Session 4: Making it  
watertight *(Extended abstract)*

16:15 - **END**

# SOLO Taxonomy

Competence

# Session 1

Preparing the ground

09:15 - 11:15

# Session 1 structure

09:20 - Introductions

09:45 - Just One Thing

09:55 - Competency, Literacy,  
Fluency

10:25 - The Essential Elements  
of Digital Literacies

# Introductions

Say hello to the person sitting next to you. On a post it, draw/write:

1. A **picture** of them
2. Their **name**
3. **What** they do
4. **Where** they're from

When you're finished, give it to the person who it represents!

# Just One Thing

Now write down **ONE** thing you would like to get out of today.

It could be something concrete or something more abstract - it's up to you!

*(once you're done, please stick your post-it up on the wall)*

# Competency, Literacy, Fluency

What would you say are the differences between the following?

- Digital **competence**
- Digital **literacy**
- Digital **fluency**

# The Essential Elements of Digital Literacies

**BREAK**

# Session 2

Laying the foundations

11:30 - 12:30

# Session 2 structure

11:30 - The Importance of  
Context

11:50 - Defining the Essential  
Elements

# The Importance of Context

How might the different **context** of these institutions influence their approach to the development of digital literacies?

# The Importance of Context

**“Computational/Digital Literacy** demonstrates the ability to understand the uses of digital devices and media for learning, working, communicating and collaborating and to employ such devices in our lives. It is the ability to understand and evaluate the special challenges posed by the complexity of digital sources and environments.”

<https://kosovo.rit.edu/doc/senate/Academic%20Program%20Profile.pdf> (2011)

# The Importance of Context

**“Technical Literacy** demonstrates the ability to understand and use technology effectively and to think critically about issues and decisions related to technology in society.”

# The Importance of Context

“AUP’s mission is to educate its graduates to communicate effectively in a world of many languages...to be **digitally literate** in a world of swift-paced change; to understand the ethical imperatives of living in such a world...”

# The Importance of Context

**THE AMERICAN**  
**UNIVERSITY 50**  
*of* **PARIS YEARS**

---

“When you walk across the stage at graduation you will be equipped with the **digital literacy** necessary to lead in a world of swift-paced change, and the compassion to recognize the vital importance of differences between individuals, cultures, and disciplines.”

<https://www.aup.edu/academics/core-capabilities>

# The Importance of Context

Goal H. Develop the skills and abilities to **thoughtfully seek information**, critically analyze sources, and clearly formulate complex ideas

Outcome H.6. Identify and **access information resources** efficiently and effectively based upon the Association of College and Research Libraries standards

INFORMATION LITERACY

# The Importance of Context

Goal I. Investigate how **digital technology** can facilitate inquiry and the advancement of knowledge

Outcome I.1 Demonstrate how **digital technology** can contribute to understanding

Outcome I.2. Demonstrate the ability to use **digital technology** to enhance analysis, description and presentation

# Outputs

**Competency / Literacy / Fluency**

# Competency

- Comprehension
- tool skills
- monkey level
- conceptual (?)
- ability to learn
- awareness
- teachable knowledge

- howto
- can learn from manual/video

## Literacy

- basic knowledge of digital tools
- evaluate digital content
- using tech to evaluate info
- write Svds. of books re: one tool
- entering the world of 'Black Mirror'
- critical judgement (right+tool, right+place)
- transfer ability (yourself/others)

cycle

## Fluency

impossible?

- Homo Digitus (Cyborg!)
- confidence
- 'your language' - 'unconscious expertise'
- higher level?
- apply/create
- not teachable
- production (result)
- combination of competency + literacy
- how
- lend (write about digit)
- fluidity/hybridity
- visitor/resident approach

2nd language

# Competency

- Comprehension
  - tool skills
  - monkey level
  - conceptual (?)
  - ability to learn
  - awareness
  - teachable knowledge
- howto
  - can learn from manual/video

# Literacy

cycle

- basic knowledge of digital tools
- evaluate digital content
- using tech to evaluate info
- write 5 vols. of books r.e. one tool
- entering the world of 'Black Mirror'
- critical judgement (right + tool, right + place)
- transferability (yourself/others)

# Fluency

— impossible?

- Homo Digitus (Cyborg!)
- confidence
- 'your language' — 'unconscious expertise'
- higher level?
- apply / create
- not teachable
- production (result)
- combination of competency + literacy
- how
- lead (write about digit)
- fluidity / hybridity
- visitor / resident approach
